7. Warning

Do not sign any blank or partially completed application forms. Complete all forms in ink. Keep all documents handed to you. Make notes as to what is said to you. Ask for a letter of representation from your advisor. Do not be pressurised into buying the product. Failure to provide correct or full relevant information may influence an insurer on any claims arising from your contract of insurance.

8. Conflict of Interest Policy

We have considered the conflict of interest provisions in terms of the FAIS Act 37 of 2002 and have not identified any actual or potential conflicts of interest, either ownership interest, financial interest, third party relationships associates or distribution channels as defined. We adopt a values based approach where the spirit of the legislation is embraced. This is reviewed at least annually and reported on to the Financial Sector Conduct Authority. A conflict of interest management policy is available to clients upon request.

In the past financial year, the UMA received more than 30% of its income from the Insurer. The UMA has a written mandate (Binder agreement) to act on behalf of the Insurer.

was given orally, you will receive this information in writing. A Polygraph or lie detector test is not obligatory in the event of a claim and the failure thereof may not be the sole reason for repudiating a claim. If the insurer wishes to cancel your policy, this will be given in writing to your last known email address. If your premium is paid by debit order, the debit order must be in favour of the Product Supplier (Insurer) and may not be transferred to any other party without your approval.

10. How to institute a Claim

Claims must be submitted to TRA. TRA may assist in the electronic identification and submission of qualifying claims. However, the onus remains on the Insured to ensure that relevant claims are submitted. If you receive a summons or notice of impending legal action with regards to a claim in terms of your policy, notify TRA or the product Supplier (insurer) immediately and forward any documentation to them.

11. Sharing of Information

Insurers may share information with each other regarding policies and claims with a view to preventing fraudulent claims and obtaining material information regarding the assessment of risks proposed for insurance. By reducing the incidents of fraud and assessing risks fairly, future premium increases may be limited. This is done in the public interest and in the interest of all current and potential policyholders. The sharing of information includes, but is not limited to, information sharing via the Information Data Sharing System operated by TransUnion ITC on behalf of the South African Insurance Association. By the insurer accepting or renewing this insurance, you or any other person that is represented herein, gives consent to the said information being disclosed to any other insurance company or its agent. You also similarly give consent to the sharing of information regarding past insurance policies and claims that you have made and you also acknowledge that information provided by yourself or your representative may be verified against any legally recognised sources or databases. By insuring or renewing your insurance, you hereby not only consent to such information sharing but also waive any rights of confidentiality regarding underwriting or claims information that you have provided or that has been provided by another person on your behalf. In the event of a claim, the information you have supplied with your application together with the information you supply in relation to the claim, may be included on the system and made available to other insurers participating in the Information Data Sharing System.

12. Use of Personal Information

When you enter into this policy you will be giving us your personal information that may be protected by data protection legislation, including but not only, the Protection of Personal Information Act, 2013 ("POPIA").
